DR3_007_03 Applications by provider country and age

UCAS

Statistic: Number of Applications

Variables: Provider Country 2016 , Age Band , Cycle Year

Coverage: Applications through the main scheme

Definitions

Age Band

Derived from date of birth declared by the applicant, age is aligned with the cut off points for school/college cohorts within the different administrations of the UK. For England and Wales ages are defined on the 31 August, for Northern Ireland on the 1 July and for Scotland on the 28 February the following year. Defining ages in this way matches the assignment of children to school cohorts. For applicants outside of the UK the cohort cut off for England and Wales has been used. Age then is grouped in the following bands: '17 and under', '18', '19', '20', '21 and Over'. Please note: if the derived age is outside of the range 11-100 then it is set to 18 by default.

Provider Country 2016

Where the provider is located within the UK. See the additional technical notes at www.ucas.com for coverage and trends for Scotland.

Cycle Year

The cycle in which the application was processed.

Number of Applications

Application is defined as a choice to a course in higher education through the UCAS main scheme. Each applicant can make up to five choices, which was reduced from six in 2008. The number of applications does not include choices made through the following acceptance routes: Clearing, Extra, Adjustment and RPAs.
