UCAS

**Statistic:** Number of Applications

**Variables:** Deferred Status, Cycle Year

**Coverage:** Applications through the main scheme

### Definitions

#### Deferred Status

Indicates if an application is deferred. Most applications are into the academic year that starts immediately at the end of the cycle, for example into the academic 2013-14 year from the 2013 application cycle. Applications can also be deferred for entry into the following academic year, for example into the 2014-15 academic from the 2013 cycle. These are called deferred applications.

#### Cycle Year

The cycle in which the application was processed.

#### Number of Applications

Application is defined as a choice to a course in higher education through the UCAS main scheme. Each applicant can make up to five choices, which was reduced from six in 2008. The number of applications does not include choices made through the following acceptance routes: Clearing, Extra, Adjustment and RPAs.
