UCAS

**Statistic:** Number of Applicants

**Variables:** Number of Choices, Applicant Domicile (UK / EU / Not EU), Cycle Year

**Coverage:** Applied before June deadline

### Definitions

#### Applicant Domicile (UK / EU / Not EU)

Applicant's area of permanent residence summarised at a high level. This variable is derived from domicile as declared by the applicant and does not guarantee fee status. Split by the following values: 'UK', 'EU (excluding UK)' and 'Not EU'. Please note: The Channel Islands and the Isle of Man have been assigned as 'Not EU'.

#### Number of Choices

The number of main scheme choices made to a UK provider by each applicant. Only applicants who have made at least 1 choice to a UK provider are counted. Please note: Up until 2008 the applicant could make 6 main scheme choices, this was reduced to 5 main scheme choices in subsequent years. Up until 2010 this contains Route B choices, which were referred out sequentially. Therefore, applicants may have Route B choices that would not have been referred out, but would still be counted.

#### Cycle Year

The cycle in which the application was processed.

#### Number of Applicants

Applicant is defined as a person who has made a valid application in the UCAS system.
