UTT2_023_01 Acceptances by phase and subject and age

Statistic: Acceptances

Variables: Phase, Subject Grouping, Age (7 Levels), Cycle Year

Coverage: All

Definitions

Phase

The phase the application was made to. The phase may be 'Primary', 'Secondary', 'Middle' or 'Other'.

Subject Grouping

Classifies courses into 4 subject groupings for primary courses and 20 subject groupings for secondary, middle and other courses. Each course is classified into a single subject grouping, determined using the combination of phase and up to nine subject codes (eg.W1 – Art / Art & Design) assigned by UCAS.

Age (7 Levels)

Derived from date of birth declared by the applicant, age is aligned with the cut off points for school/college cohorts within the different administrations of the UK. For England and Wales ages are defined on the 31 August, for Northern Ireland on the 1 July and for Scotland on the 28 February the following year. Defining ages in this way matches the assignment of children to school cohorts. For applicants outside of the UK the cohort cut off for England and Wales has been used. Age then is grouped in the following bands: '21 and under', '22', '23', '24', '25-29', '30-39', '40 and over'.

Cycle Year

The application year in which the application was processed.

Acceptances

An acceptance is defined as an applicant who has been accepted to start a programme through the UCAS Teacher Training scheme.
