

## G28 University of Glasgow

**Cycle years:** 2013 - 2018

**Cycle Reference Point:** End of Cycle

**Applicant coverage:** UK domiciled

**Reporting groups:** Sex, POLAR4, SIMD 2016, ethnic group

**Applicant statistics:** June deadline applicants, placed June deadline applicants, all placed applicants, June deadline applicants per 10,000 population, placed June deadline applicants per 10,000 population, all placed applicants per 10,000 population

**Application statistics:** June deadline applications, offers, offer rate, average offer rate, percentage point difference between offer rate and average offer rate, contribution of group to the average offer rate

**Non-disclosure controls:** To avoid the disclosure of information about any individual the following measures are taken

- Applicants, placed applicants, applications and offers are rounded to the nearest 5.
- Applicants/placed applicants per 10,000 population figures are reported as 0 if the applicant/placed applicant figures are rounded to 0.
- All statistics related to the offer rate are not reported when the number of applications for a group is less than 10. The percentage point difference between the offer rate and the average offer rate is not reported when the number of applications for a group is less than 50.
- Offer rates are reported as 0% if there are fewer than 5 offers, and 100% if the number of offers is within 5 of the number of applications. When the offer rate is reported as 0% or 100%, it is reported in italics.

## P.1 18 year old applicants

Statistic	2013	2014	2015	2016	2017	2018
June deadline applicants	13,195	10,415	10,385	10,870	11,600	11,440
Placed June deadline applicants	2,445	2,055	2,350	2,335	2,380	2,280
All placed applicants	2,545	2,245	2,430	2,455	2,520	2,400
June deadline applicants per 10,000 population	173.4	138.3	135.5	145.0	156.6	158.3
Placed June deadline applicants per 10,000	32.1	27.3	30.7	31.1	32.1	31.6
All placed applicants per 10,000 population	33.4	29.8	31.7	32.8	34.0	33.3

## P.2 18 year old applications

Statistic	2013	2014	2015	2016	2017	2018
June deadline applications	16,480	12,710	12,455	12,980	13,825	13,765
Offers	10,290	8,785	9,260	9,270	9,860	9,470
Offer rate	62.4%	69.1%	74.3%	71.4%	71.3%	68.8%

### P.3 18 year old applicants by sex

Statistic	Sex	2013	2014	2015	2016	2017	2018
June deadline applicants	Men	5,655	4,195	4,400	4,450	4,740	4,645
	Women	7,545	6,220	5,985	6,420	6,860	6,790
Placed June deadline applicants	Men	995	780	975	920	930	915
	Women	1,450	1,275	1,375	1,410	1,450	1,370
All placed applicants	Men	1,035	850	1,005	985	965	965
	Women	1,510	1,395	1,430	1,470	1,555	1,435
June deadline applicants per 10,000 population	Men	144.8	108.4	112.1	115.8	124.7	125.4
	Women	203.6	169.9	160.1	175.8	190.0	193.0
Placed June deadline applicants per 10,000 population	Men	25.5	20.1	24.8	24.0	24.4	24.6
	Women	39.1	34.8	36.8	38.6	40.2	38.9
All placed applicants per 10,000 population	Men	26.5	21.9	25.6	25.7	25.5	26.1
	Women	40.7	38.2	38.2	40.3	43.0	40.8

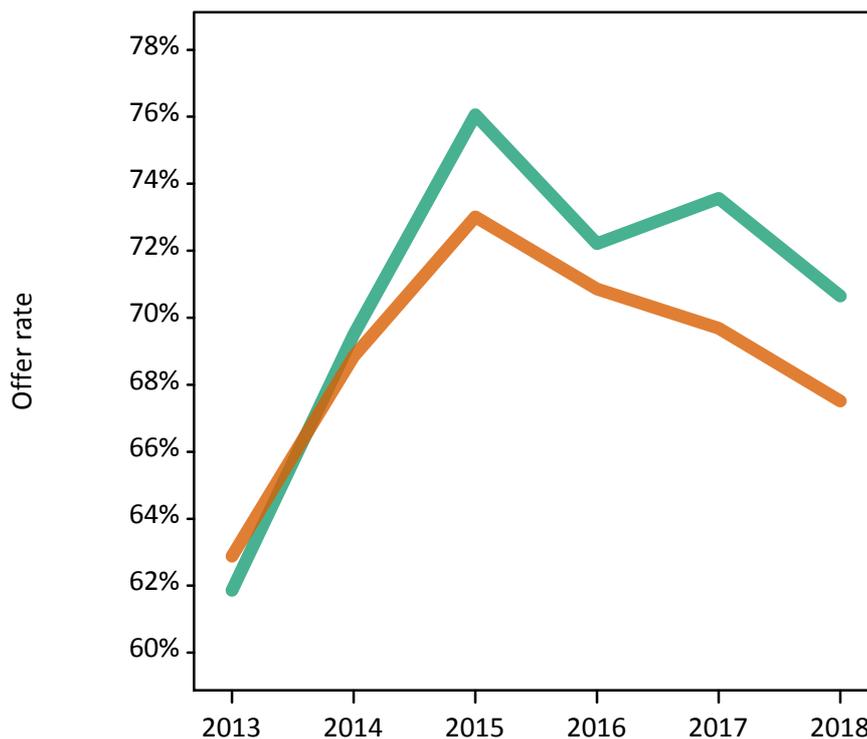

### P.4 18 year old applications by sex

Statistic	Sex	2013	2014	2015	2016	2017	2018
June deadline applications	Men	7,305	5,250	5,395	5,400	5,805	5,685
	Women	9,175	7,465	7,060	7,575	8,025	8,075
Offers	Men	4,520	3,645	4,105	3,900	4,270	4,015
	Women	5,770	5,140	5,155	5,370	5,590	5,455
Offer rate	Men	61.9%	69.5%	76.1%	72.2%	73.6%	70.6%
	Women	62.9%	68.9%	73.0%	70.9%	69.7%	67.5%
Average offer rate	Men	63.2%	71.1%	77.6%	73.2%	75.1%	72.4%
	Women	61.8%	67.7%	71.8%	70.1%	68.6%	66.3%
Percentage point difference between offer rate and average offer rate	Men	-1.3	-1.6	-1.5	-1.0	-1.5	-1.7
	Women	1.1	1.2	1.2	0.7	1.1	1.2
Contribution of group to the average offer rate	Men	0.582	0.561	0.585	0.568	0.582	0.565
	Women	0.667	0.691	0.683	0.692	0.697	0.694

### P.5 18 year old offer rate by sex

Note: The line for a group is not plotted when that group made fewer than 10 applications in any of the years from 2013-2018.

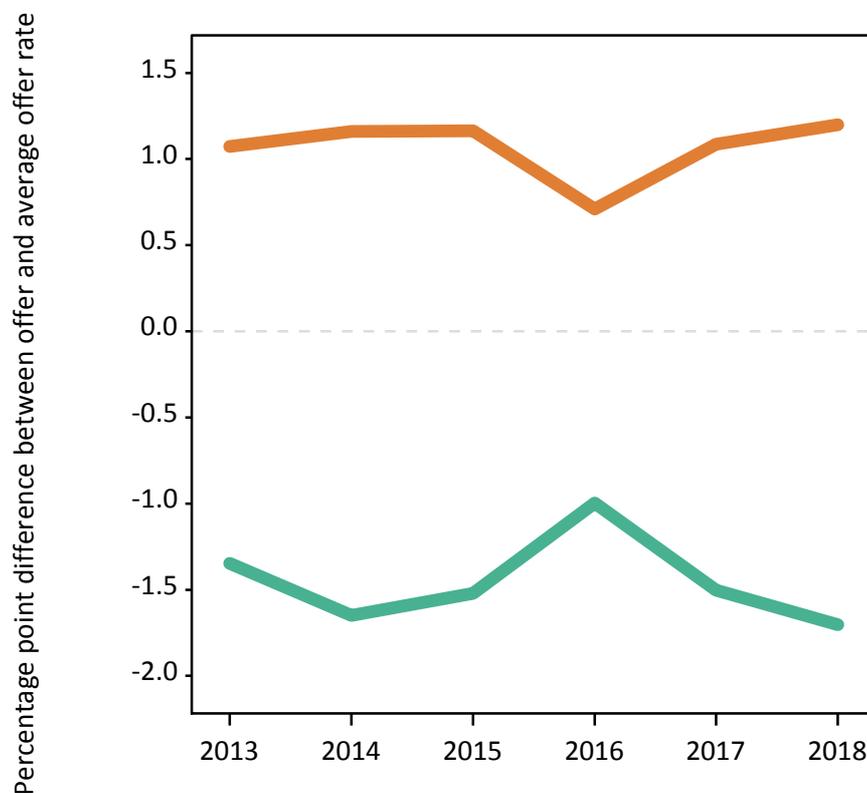

Men  
Women

### P.6 Percentage point difference between 18 year old offer rate and average offer rate by sex

Note: The line for a group is not plotted when that group made fewer than 50 applications in any of the years from 2013-2018.

Men  
Women

## P.7 18 year old applicants by POLAR4 quintile

Statistic	POLAR4 quintile	2013	2014	2015	2016	2017	2018

## Technical Notes and Definitions

### UCAS undergraduate scheme

#### Adjustment

Adjustment allows applicants who have met and exceeded the terms of their conditional firm offer to seek and find a place at another provider whilst keeping their place at their original firm choice provider.

#### Clearing

Clearing is a route for applicants that are not placed and holding no offers to find a place on courses with vacancies.

#### Cycle year

The UCAS application cycle which runs from September to October the following year. For example the 2018 cycle runs from September 2017 through to October 2018.

#### End of cycle

The point in the cycle to which the numbers in this report refer, and the point at which the cycle is closed such that no more applications or offers can be made, and no more applicants can be placed. Numbers reported at the end of cycle exclude information on a small number of applicants who cancelled during the cycle.

#### Extra

Applicants who are unsuccessful in obtaining an offer or decline all offers may be eligible to apply through Extra, where they can apply to one further course at a time. Extra operates from 25 February until early July. It provides applicants who are eligible the possibility of obtaining an offer before exam results are published and Clearing starts.

#### June 30 deadline

The deadline for main scheme applications. Applicants who apply after this date will go directly into Clearing.

#### Record of Prior Acceptance (RPA)

RPA is an acceptance route used when a provider informs UCAS of applicants it has accepted outside of the normal application process (e.g. individuals who have applied directly to the provider).

### Reporting groups

#### Ethnic group

High level grouping of ethnic origin as declared by the applicant: 'White', 'Black', 'Asian', 'Mixed', 'Other', 'Unknown'. Applicants who declare themselves as 'Unknown' ethnic origin are not reported in these tables, but are included in the associated csv data file.

#### POLAR4 quintile

Developed by OfS, POLAR4 classifies small areas across the UK into five groups according to their level of young participation in Higher Education. Each of these groups represents around 20 per cent of young people and is ranked from Quintile 1 (areas with the lowest young participation rates, considered as the most disadvantaged) to Quintile 5 (highest young participation rates, considered most advantaged). POLAR4 is based on the participation rates of young people between 2009-10 and 2013-14 if they entered higher education aged 18, or between 2010-11 and 2014-15 if they entered aged 19, therefore is most suitable for applicants aged 19 and under. These groups are assigned using the postcode declared by the applicant at the time of their application. If a UK postcode is invalid, considered unsafe for measurement or there is no link to Census geography possible then the applicant is not assigned to a quintile. Applicants with no POLAR4 quintile are not reported.

#### Sex

Sex as declared by the applicant.

### **SIMD 2016 quintile**

Scottish index of multiple deprivation (SIMD) identifies small area concentrations of multiple deprivation across all of Scotland, providing a relative measure of deprivation amongst 6505 small areas (data zones) based on 7 socio-economic domains. These small areas are classified into five groups ranked from Quintile 1 (considered the most deprived) to Quintile 5 (considered least deprived), with equal populations in each quintile. Quintiles are assigned using the postcode declared by the applicant, applicants declaring invalid postcodes are classified as 'Not assigned' and are not reported.

SIMD is only defined for applicants domiciled in Scotland, therefore any applicants domiciled outside of Scotland cannot be assigned to an SIMD quintile and so are not reported for this measure.

SIMD is only reported for providers in Scotland. Application and entry rates by SIMD are reported in the 2018 End of Cycle Report and the 2018 cycle January deadline application rate report.

### **Statistics reported in the tables**

#### **All placed applicants**

The number of applicants placed for entry into higher education at the provider through one of their choices, including any choices made through Extra, or via Adjustment, Clearing or RPA.

#### **All placed applicants per 10,000 population**

The number of total UK domiciled 18 year old placed applicants for entry into higher education at the provider divided by the number of UK 18 year olds in the population, multiplied by 10,000. This gives the number of 18 year olds, for every 10,000 in the population, that were placed at the provider through one of their choices, including any choices made through Extra, or via Adjustment, Clearing or RPA. It is an alternative way of expressing the entry rate to a provider. By referencing the underlying population this statistic shows how the number of placed applicants is changing in relation to the available pool of potential applicants and so gives the chance that somebody from the group will be placed at a provider.

This statistic is only reported for 18 year olds.

#### **Average offer rate**

The offer rate that you might expect if the predicted grades and subject choice of applicants were the only factors that influenced whether an applicant was made an offer by the provider. The average offer rate is calculated by dividing applicants according to their specific combination of grades (for A levels the best three predicted grades are used, for BTECs, International Baccalaureate and Scottish Highers and Advanced Highers, predicted grades along with any grades already achieved upon applying are used) and subject choice. For each combination the number of main scheme offers is divided by the number of main scheme applications, to give an overall offer rate. This is then multiplied by the number of applications made by the group for which the average offer rate is being calculated (for example POLAR4 quintile 1), to give an average number of offers for that group. These average number of offers are then added together across all combinations of predicted grade and subject and divided by the number of main scheme applications from the group to give the average offer rate.

The average offer rate does not attempt to control for any other factors that may play a part in the decision to make an offer, such as the subject of the qualifications studied, their relevance to a course, or the grade in each subject; higher numbers of A levels being studied; the exact profile of grades predicted; personal statements; teacher references; interviews; or any other criteria (such as work experience or portfolios) that may be part of the admissions decision.

This statistic is only reported for 18 year olds.

### Contribution of group to the average offer rate

The way in which the average offer rate is defined means that the pattern of application and offers of a group (for example POLAR4 quintile 1) will always contribute, in part, to the average offer rate for that group. When this contribution is large, the average offer rate will mainly reflect the patterns for the group, meaning that the value of the average offer rate will be similar to the offer rate, the percentage point difference statistic will be small, and any real difference between the offer rate and what might be expected given the predicted grades and subject choices of the applicants will be difficult to detect.

Values of the contribution of group to the average offer rate range between 0 and 1. The closer the value is to 1 the greater the contribution a group makes to its own average offer rate.

This statistic is only reported for 18 year olds.

### Placed June deadline applicants

An applicant who has been placed for entry into higher education at the provider through a June deadline application.

### Placed June deadline applicants per 10,000 population

The number of UK domiciled 18 year old placed June deadline applicants at the provider divided by the number of UK 18 year olds in the population, multiplied by 10,000. This gives the number of 18 year olds, for every 10,000 in the population, that were placed at the provider through one of their June deadline applications. It is an alternative way of expressing the entry rate to a provider, but for placed June deadline applicants only. By referencing the underlying population this statistic shows how the number of placed June deadline applicants is changing in relation to the available pool of potential 18 year old applicants and so gives the chance that somebody from the group will be placed at a provider through a June deadline application.

This statistic is only reported for 18 year olds.

### June deadline applications

An application (or choice) to a course in higher education to the provider that is made by the June 30 deadline. Each applicant can make up to five choices this way. The number of June deadline applications does not include choices made through the following routes: Clearing, Extra, Adjustment and RPAs. Applications made to October deadline courses received after the October deadline are not included in these statistics.

### June deadline applicants

The number of applicants that made at least one application to the provider by the June 30 deadline.

### June deadline applicants per 10,000 population

The number of UK domiciled 18 year old June deadline applicants to the provider divided by the number of UK 18 year olds in the population, multiplied by 10,000. This gives the number of 18 year olds, for every 10,000 in the population, who applied by the June 30 deadline. It is equivalent to the application rate. By referencing the underlying population this statistic shows how the number of June deadline applicants is changing in relation to the available pool of potential 18 year old applicants and so gives the chance that somebody from the group will apply to a provider by the June 30 deadline.

This statistic is only reported for 18 year olds.

### Offers

An offer is defined as a provider's decision in response to an application to offer a place to an applicant, often subject to the applicant satisfying academic and/or other criteria, via a June deadline application (i.e. does not cover choices made through the following routes: Clearing, Extra, Adjustment and RPAs).

### Offer rate

The number of offers made divided by the number of June deadline applications. This gives the proportion of all June deadline applications to the provider that received an offer.

### Percentage point difference between offer rate and average offer rate

The offer rate minus the average offer rate.

The percentage point difference can be compared to the expected range of statistical variation resulting from the calculation of the average offer rate using the Average Offer Rate Lookup Table. Where the value of the percentage point difference lies outside of this range, the percentage point difference may be considered to represent a real difference between the offer rate and the average offer rate.

### Other definitions

#### Age

This analysis uses country-specific age definitions that align with the cut off points for school and college cohorts within the different administrations of the UK. For England and Wales, ages are defined on the 31 August, for Northern Ireland on the 1 July and for Scotland on the 28 February the following year. Defining ages in this way matches the assignment of children to school cohorts. For applicants outside of the UK a cohort cut off of 31 August has been used. Numbers for applicants aged 17 and under are included in the tables that report numbers for all age groups. Providers in Scotland typically receive a higher proportion of applicants aged 17 and under compared to providers elsewhere in the UK.

#### Provider

A higher education provider - a university or college.

#### UK domiciled

Declared area of permanent residence within England, Northern Ireland, Scotland and Wales. Applicants from the Channel Islands and Isle of Man are not included.
