

Top tips for supporting applications this month

- Students who have made an application to university or college before 29 January may start receiving offers. Here are the types of offers they may receive.
- If your students have used all 5 choices and are not holding any offers, they can use Extra to add another choice.
- Students can make some <u>changes to applications</u> after submitting themselves, for others they need to contact universities directly.
- Join us live on 8 April at 9:15 or 15:45 for expert advice and practical tips to get ready for C&C 2025. Book your place.
- Remember to download applications from the 2024 cycle from the Adviser Portal before 6 May.

New subject personal statement guides

Supporting your students with personal statements just got easier. Our new subject-specific guides are here to help them confidently tackle each of the updated 2026 questions, with clear guidance, expert insights and real examples.

Conservatoire references for 2026

For the 2026 cycle, UCAS Conservatoire applicants will no longer be required to provide two references. Instead, they need to submit one referee, who will only be contacted if additional information is required by the Conservatoire.

Connect with peers from around the globe

The countdown is on for this mustattend event for international teachers, advisers, counselors, and recruitment consultants.

💡 Edinburgh, Scotland

10-11 June 2025

Resources to share with parents this month

- 1. Parents' Podcast: Tune in to the first episode of our Parents' Podcast
- Apprenticeships Today, to get expert advice on supporting your child with apprenticeships.
- 2. What happens once we get their application: Find out what we do with your child's application, the different decisions a uni or college can make, and when your child needs to reply to offers.
- **3.** Advice for parents on researching uni options: If the person you're supporting is still weighing up their options, here's how you can help them with their research.
