DX.16 Technical notes and definitions

These additional tables have been produced to help comparisons through time, particularly when considering Scottish domiciled applicants and Scottish providers.

In 2015, around 125 courses relating to teacher training that historically would only have been available through UCAS Teacher Training, and therefore not previously counted in the scope of this statistical release, were brought into the undergraduate UCAS scheme. These courses are all offered by providers based in Scotland and are in the JACS3 detailed subject reporting grouping of 'X1'. The large majority of applications to these courses are from applicants living in Scotland.

These additional tables exclude any applications made by applicants to subject group 'X1' at Scottish providers and provide a better 'like for like' comparison particularly when considering Scottish domiciled applicants and Scottish providers. The primary deadline applicant statistics which include all applications to Scottish providers are available upon the UCAS website.

Applicants have been able to submit applications for all 2015 courses since early September.

Applicants who submit their applications to UCAS by the January deadline are considered as 'on time' applicants for the large majority of courses offered through UCAS.

Counts of the number of applicants reported have been rounded to the nearest 10 applicants, this may result in instances where totals do not equal the sum of the components. Proportional changes have been rounded to the nearest whole percentage point.

Age

This statistical release uses country-specific age definitions which align with the cut off points for school/college cohorts within the different administrations of the UK. For England and Wales ages are defined on the 31 August, for Northern Ireland on the 1 July and for Scotland on the 28 February the following year. Defining ages in this way matches the assignment of children to school cohorts. For applicants outside of the UK the cohort cut off for England and Wales has been used.

Applicant

A person who has made an application in the UCAS system during the cycle reported, this includes those who submit applications for deferred entry.

Country of institution

An applicant may be counted once for each institution country they have applied to. If an applicant has applied to institutions in multiple countries then the applicant is counted once within each country of institution applied to.

Domicile

Declared area of permanent residence. The Channel Islands and the Isle of Man have been assigned as 'Not EU'.

First time applicant

An applicant that did not apply to the UCAS scheme in the previous cycle.

Reapplicant

An applicant that applied to the UCAS scheme in the previous cycle.
